Integpri: Integration through prior knowledge,  
2021-2-FI01-KA210-ADU-000049997

## “Integration through prior knowledge” Multiplier event in Greece

On the 26th of May, the multiplier event of our project: “Integration through prior knowledge” (2021-2-FI01-KA210-ADU-000049997), took place in Karditsa, Greece by Educom+. It was a successful event since there was a rich turn out of educators who received information on the methodology of RPL and were introduced to the guide that has been developed.

## IntegPri Meeting and Conference in Greece

The last TPM meeting and final conference took place on the 14th of June, at Kierion hotel, Karditsa in the frame of the "Integration through prior knowledge" Erasmus+ project. The conference had more than 30 participants.

The conference focused on inclusive practices and the exploitation of prior knowledge in the field of intercultural education. We thank our speakers, Marja-Liisa Helenius (LFI Finland), Giulia Terracciano, GEINNOVA, Spain), Dr Giota Gatsi (Aristotle University of Thessaloniki) and Venia Papakyritsi (University of Thessaly). They presented good practices in the field of intercultural education and stressed the vital role of detecting people's prior knowledge and resources and help build new knowledge based on the existing one.
